# Afternoon Music Recital

with Harpist Margaret Watson

Margaret Watson is one of the busiest professional harpists in South East England and she is renowned for her versatility as a harpist in the range of music she performs.

Following Margaret's performance there will be plenty of opportunity to chat to your friends about what you've heard while enjoying the customary Prime Time Tea & Cake! This is a free event, although donations on the day will be welcomed to help cover expenses.

Margaret has described the programme of music she plays as 'a mixed bag of well-known pieces, but not ones that would usually be expected on a harp!' Margaret has performed for Royalty and in such notable venues as London's Guildhall, The Savoy and The Ritz, but for one afternoon only she performs for Prime Time at Busbridge Church!
