NEWS & EVENTS *Round Up*

St Edmund's GOLDEN JUBILEE

St Edmund's School spent the day celebrating their Golden Jubilee on Thursday 23rd May. It was the perfect weather! The children were very excited and have loved finding out about the history of the school. They have looked at the log books, photographs and old uniform, and thought about what it might have been like in the past. We talked about how communication has changed and rather than writing daily in the log book I write a blog, newsletters and share school photos and events on our website.

It was wonderful to have Bishop Richard with us for the day. He spent time talking to

parents, grandparents and parishioners; I know everyone enjoyed looking at all the old photographs and finding themselves! We all enjoyed the cakes and refreshments after Mass.

All the children received a Jubilee bookmark, blessed by the Bishop which I hope will always remind them of their time at St Edmund's.

all the children, visiting every class and even stayed in Year 6 to join in their class collective worship, at the children's request! During Mass, a group of children performed a special prayer sculpture and explained how they had prepared it. We were delighted to have so many visitors joining us, including past teachers and governors,

I feel very proud to be here as headteacher, 50 years after the school opened, looking at all we have achieved and thinking of all the children & families who are part of St Edmund's. It was one of those really special days that I am sure the children will always remember.

BUSBRIDGE SCHOOL FETE

On Saturday, June 27th, a large gathering of parents and friends enjoyed the School Annual Summer Fete held in lovely summer weather on the playing field.

Organised by the Parents' Association Committee under the Chairman, Mr. R. Seakins, the fete was opened by the Mayor, Councillor W. G. Tyreman, who was accompanied by the Mayoress.

In addition to the many attractive stalls and sideshows manned by the parents and school staff, there was a programme of entertainment consisting of a fancy dress competition judged by the Mayoress, Mrs. McCarthy and Archdeacon Studdert; a pet show arranged and judged by Mr. K. Wilmott; sports organised by Mr. F. Hall; and a country dancing display arranged by Mrs. Westcott. Teas were served in the Village Hall by Mrs. Trayford and other parents.

The gross takings exceeded £130, most of which will be added to the Swimming Pool Fund.

Busbridge Junior School NEWS

July sees the 50th commemoration of the first men on the moon.

Back in May we celebrated this in school through one of our DoubleDays. For two days the children carried out work along a Moon theme. They composed Moon music, created Moon art and learnt more about the incredible scientific adventure that took men to the Moon (and back again!).

The children were entrusted with the safety of their very own **eggstronaut, Neil Eggstrong.**

They had to investigate suitable materials for a space capsule that would return Neil to terra firma in one piece. The photos show one of the groups showing their horror at the injuries sustained by their eggstronaut upon landing. Yuck.

Cassidy, one of our space capsule engineers exclaimed "It was a tricky project. It would seem that bubble wrap and straw are not the ideal materials to ensure a safe landing back on Earth. We hope that NASA take note of our findings!"

We also took time to look in wonder at photos of the earth from space. It reminded us of how precious the Earth is and how much we should look after it.

Our Governors and whole school community have been revisiting our school vision recently. The words which we feel best describe our vision are thus: "To be a school that reflects the love of Christ : cherishing each other as unique individuals and challenging all to achieve and succeed." Hopefully if you know families linked to our school they will be able to talk about our vision in practice.

Saturday 20th April : Families enjoying the glorious sunshine over the Easter weekend at the Easter Garden Service at the Old Rectory.

Right : Sunday 19th May - Busbridge Vicar, Rev Simon Taylor, was licensed as the Godalming Area Dean by the Archdeacon of Surrey, the Venerable Paul Davies.

Simon's new role is in addition to that of Vicar; to oversee matters such as illness, vacancies and other problems in local parishes and take on a strategic role in the diocese. The Area Dean is the joint chair, with the Lay Chair, of the deanery synod.

Church REORDERING

Busbridge church is currently closed for reordering (a church word for renovation) until 8th September 2019.

Services and other activities are continuing in The Old Rectory, our recently converted building behind the church (access via Old Rectory Close off Hambledon Road, parking available). When the church reopens it will provide a more versatile worship space with chair seating, and a modern sound and tech system. We can't wait! Rest assured that the original features in the church building have been treasured, and the new technology will be installed discreetly.

Do come and see for yourself after the reopening on 8 September. In the meantime, we welcome enquiries for baptisms and weddings, and we can accommodate funerals at Hambledon church.

Busbridge Infant School NEWS

We have had a very busy start to our summer term

Our Year One learners travelled back in time to further develop their understanding of the events surrounding the Titanic with a Titanic history workshop. The children particularly enjoyed the opportunity to get into character!

Year One children also took part in a football festival and skills session, the latter hosted by Rodborough School and run by their student sports leaders; a great example of the Godalming Learning Partnership in action.

We are now working hard planning some new woodland activities to deliver on site with the children over the coming weeks. As part of this work, we are planning to further develop the wildlife area down towards the Rectory Close/Chestnut Way entrance so that we can go on to extend our range of activities for 2019-2020. We are extremely grateful to our generous PTA whose funds are making these opportunities possible.

Don't forget our Summer Fair on Saturday 6th July, this is always a great family event for our very special and supportive local community. We look forward to seeing you then.

Katherine Smith, headteacher

May saw the launch of the **Godalming Learning Partnership Cooperative Trust**. The Governing Bodies of Busbridge Infant School, Godalming Junior School, Milford School and Moss Lane School took the decision to become Foundation Schools and to form a Cooperative Education Trust called the Godalming Learning Partnership following the positive conclusion to the public consultation in October. Local Church schools have joined us in this partnership (as equal associate members rather than founder members due to their church status). We have always worked very closely with our partner schools and look forward to developing further initiatives, for example Teacher Training opportunities, as we strengthen our connections further.

As part of the launch event our school council travelled to the Chandler School for singing, ribbon cutting, and cake!

Head in the Clouds

If I notice an interesting sky, I will down tools and rush into my Busbridge garden with my camera. I'd like to share some of those moments with you.

Differing atmospheric conditions, especially air temperature, moisture content and movement, give rise to different types of cloud. Clouds form when water vapour in the air condenses to give tiny droplets of liquid water or

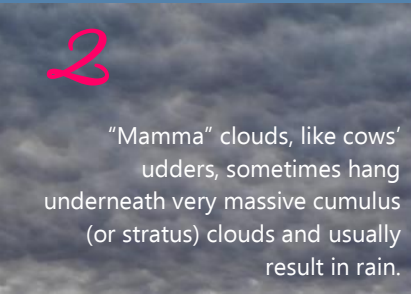

ice, usually at high altitudes because of the "lapse rate" – decreasing temperature with altitude. Clouds usually have flat bases: this is the "condensation level".

Ask a child to draw a cloud and you will probably get a typical cumulus cloud (1). These often form on a cold front (a line of blue triangles on a weather map) where large "blobs" of warm air are booted up off the ground in convection currents by a mass of undercutting cold air. If they become very tall and dense - up to 10 miles high! - rainfall and even thunder and lightning may occur.

Between the showers caused by cumulus clouds there may be bursts of sunshine, which is when we tend to get rainbows (5). Sunlight passes into each raindrop and is reflected out from the back inner surface of each drop, the different wavelengths of each colour being bent by different amounts, so the colours are split up.

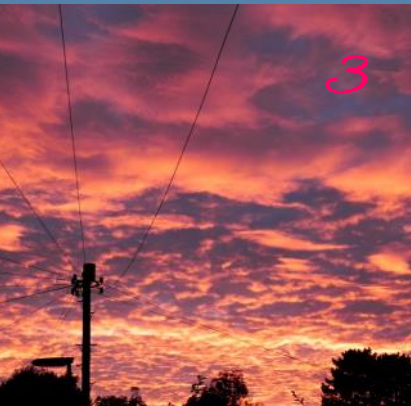

A smoother ascent of air often occurs on a warm front (a line of red half discs on a weather map) where warm air is sliding up over colder air. This gives rise to stratus clouds – rather boring grey layers of cloud. If these clouds become particularly thick, rainy also occur.

2

"Mamma" clouds, like cows' udders, sometimes hang underneath very massive cumulus (or stratus) clouds and usually result in rain.

3

5

4

Disturbance in thinner layers of cloud may create a "mackerel sky" looking like the pattern on the fish's skin.

If there is disturbance within a stratus layer, stratocumulus clouds (3) form, looking a bit like a thick sheep fleece flung across the sky.

Very high level clouds looking like long hair flying in the wind are cirrus clouds and are always made out of ice crystals. An aeroplane contrail is similar (7). If they all flow in one direction with a slight curl in the tail, they are called "mares' tails" and herald the change in wind direction with an approaching front.

Nacreous, or "mother-of-pearl" clouds (8) can sometimes be seen up to 20 miles high where the ice crystals scatter light from the sun when it is just below the horizon; they appear iridescent as the sunlight is separated into rainbow colours.

A separate post-sunset phenomenon is a sun pillar (6) photographed over the trees in Tuesley Lane; these also occur because of low sunlight shining through cirrus-type clouds.

Sundogs (10) and solar halos (9), again photographed from our front garden, are also caused by ice crystals in high level clouds refracting the sunlight.

So next time you see me with my head in the clouds, you'll know why! And I hope you will share my enthusiasm!

The REV. DAVID MACE (1937 – 2019)

The members of Busbridge and Hambledon Church were saddened to hear of the death of their long-serving Ordained Local Minister (OLM)*, the Rev. David Mace on 28th March, after a long illness.

David was born in Cyprus, as was his wife Jill, and they were both evacuated to South Africa in WW2. He went to school in Guildford and then to Charterhouse, and after National Service in the 4th Royal Tank Regiment he went to Cambridge, studied law, took the Bar and through a fortuitous conversation applied for and was offered a job with BP. David and Jill lived in Camberwell and helped to run The Greenhouse youth club there, where they and their daughter developed strong links with the local community. Afterwards David took the family, now with a 1 month old son, to New York, and over the years this was followed by increasingly responsible jobs in Alaska, the Shetlands, Thailand and China, ending with a directorship of BP.

Significance can be marked in many ways; David was never too busy in his work to fail to give of himself, his time and his faith. When he became an OLM with Busbridge Church in 1995 whilst still at BP, he found a unique avenue opened to him. He found that people started coming to his office in droves for support and to ask for advice about how they could learn from someone of his searing intellect and senior position who was able to have confidence in a Christian faith.

David lived a life of confidence in his Saviour and did not fear, and that gave him a freedom to be himself as his significance developed. His faith was thoroughly integrated into his life. As well as his professional roles, he was also a founder and Trustee of Five Talents, a microfinance development charity, and he was also active in the Anglican Church internationally. More locally, he was deeply committed to Busbridge Infant School as a governor and then Chair of Governors; he was part of the leadership of Busbridge and Hambledon Church and much of the shape of it today is due to David's long ministry here.

He will be known to many locally through the way in which he conducted baptisms, weddings and funerals in a sensitive, caring and deeply spiritual way. He was a man of deep intellect and unbounded knowledge of Christ, a husband, father, grandfather and great-grandfather, baptising his first great-grandson only in November of last year. It was a great privilege to know him as a colleague and friend, and to lead his memorial service. He will be sorely missed by all who knew him.

Rev Simon Taylor

BROAD BEAN & ASPARAGUS SALAD

with a sharp lemon dressing

This is a fresh and simple emerald green summer salad with a light, lemony dressing that makes the best of seasonal bounty.

INGREDIENTS

DRESSING

- 2 tbsp freshly squeezed lemon juice
- 6 tbsp olive oil
- 1 tbsp white wine vinegar
- 2 tsp runny honey
- ½ tsp Dijon mustard
- 1 tbsp finely chopped fresh chives plus extra for sprinkling over the finished salad
- ½ tsp Maldon salt

SALAD

- 1 large ripe avocado
- Big bag of freshly washed baby salad leaves
- 200g skinny asparagus spears, trimmed
- 300g fresh young podded broad beans (frozen is also fine)

Sam's new book *The Tin and Traybake Cookbook* is out now.

If you can't find fresh broad beans, or if your fresh ones are a little too big and woody, pod the beans, cook them, then slip the bright green beans out of their greyish skins and throw the skins away. It's a bit fiddly but it's worth the extra effort as the insides are the tasty bit.

Serves 4 for a light lunch.

1 To make the dressing, whisk all the ingredients together in a small bowl until well combined. Taste and add black pepper according to your preference.

2 Boil or lightly steam the asparagus for a few minutes, until it still has bite, drain and refresh under cold water and set aside. Repeat with the broad beans and if they are large or frozen, remove the silvery skins after they have been cooked. Set aside.

3 Arrange the salad leaves on a platter, and scatter over the cooled broad beans and asparagus. Just before serving, skin and chop the avocado and add it to the salad. Pour over 2-4 tablespoons of the whisked dressing and serve. Any leftover dressing can be kept for a few days in the fridge.

Mission Trip to UGANDA

19th – 26th March 2019

Dr Chris Jagger, a trustee of Busbridge based charity, SALCET, made a surprise trip to Uganda in March this year, prompted by the need to deliver valued dental and medical equipment to the

Mata Dental Clinic there. Shipping the equipment was more expensive than taking it personally and fraught with uncertainty regarding customs duties and potential hold ups.

SALCET had worked with dentist Eroni Jjunju in Masaka in 2016. Since then Eroni has been awarded her Fellowship with the International College of Dentists (ICD). A benefit of this membership is that dentists in developing countries receive help for their dentistry from the worldwide dental community. As well as working in the main hospital at Masaka, Eroni runs her own charitable dental clinic (the MATA clinic) for those who cannot afford normal dental fees. She had qualified for a consignment of dental equipment of her choice (value US\$ 5,000) from Henry Schein, a multi-national company which distributes healthcare products and services worldwide, to be used for specific projects within her MATA clinic. One of the stipulations is that SALCET partners her in this, which we were very happy to do, as there is an enormous need for dental care and education in the Masaka region.

Delivering the equipment safely to its destination also gave the opportunity to visit the Ssunga Twezimbe 30 ladies group and to assess the progress of the SALCET micro-financed agricultural project. Additionally I was able to carry out a needs assessment of the Masaka referral hospital, visiting the various departments including Accident and Emergency, Eyes, Nose and Throat department (Ugandan ENT!) and the Maternity Unit/Antenatal and women's health department.

The mission trip was highly appreciated by all the people I visited and was safe, comfortable and joyous. In essence a breath-taking journey, with many photos taken for talks and power point presentations and many notes taken regarding the challenges that still face the rural population and specifically the 30 ladies group. My accommodation was with Pastor Elijah and wife Florence plus son Elisha, who made me so welcome and even gave me cornflakes for breakfast!

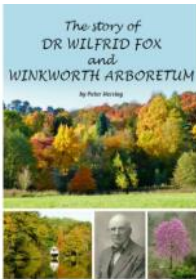

One highlight was the rapturous reception by the children from the Bright Future Junior School in Bukakata, Masaka with much drumming, dancing and wild welcome including grass skirt wiggling! I had the opportunity to visit their school and give them tennis instruction and donate tennis equipment and teddies for tragedy, all gratefully received.

Peter Herring will give an illustrated talk about Dr Wilfred Fox who founded Winkworth Arboretum. Tickets are limited to 30 and entry is by ticket only at £5 and available in advance from the Museum.

Seldom Seen - Discover the Secrets Hidden in Stained Glass

30th July to 24th August

Michael Sleight's fascinating collection of stained glass images from local churches reveals much more than at first meets the eye! Also there will be many family craft activities, a Secrets Trail and other intriguing and original things to take part in and enjoy.

Studio 12

27th August to 14th September

Studio 12 group of local artists will return with their popular annual exhibition from 27th August to 14th September, with a diversity of media and subjects.

Godalming Museum is located at 109a High Street, by the Pepperpot. Open Tuesday to Saturday 10am to 5pm in summer. Admission is free but donations are welcomed. The Local Studies library is open in the afternoon from 1pm to 4pm. Tea, coffee and cold drinks are available throughout the day. Children are always welcome. There is a delightful Jekyll style garden at the rear of the museum and an excellent gift shop.

Left : NEXUS presenting a cheque for an amazing £900, which was raised at our Christmas Quiz Night for our 2018 Charity : SERV Surrey & South London Blood Runners. It was handed over to Hugh Terry, Chairman of the Charity, and another volunteer Bike Rider outside Busbridge Church on Maundy Thursday, 18th

April. It was a lovely day and a happy occasion. It was great to see one of their motor bikes at close hand! It was quite an impressive machine, essential in saving lives through transporting baby milk, & emergency blood products to hospitals, saving the NHS 1000s of pounds!

We have organised a visit to Coverwood Lakes and Gardens in Ewhurst, on **4th July**.

Our visit will start at 6.00pm to allow time for a relaxed stroll around the gardens and to have refreshments by one of the lakes, hopefully on a sunny summer evening, all for £10. There has been a change of venue for our meal together afterwards – we are now going to The White Horse in Hascombe for 8.15pm. We hope you can join us for the garden visit and/or the meal; please let Pam know, ideally by 27th June—please email Pam on pamcookney@gmail.com.

For our summer outing on **1st August**, we have arranged a tour of the Hogs Back Brewery from 6.30pm to 8.30pm. The £15 cost includes a tour of this local award-winning microbrewery, with the opportunity to taste some of their renowned beers; and we'll have our own souvenir Hogs Back beer glass to take home! We plan to go on to the Withies pub in Compton for a bite to eat – they offer a varied menu, so something for everyone! Please let Kate know as soon as possible if you would like to join us for the brewery tour and/or the meal, on katekaye2@btinternet.com.

On **5th September** Lisa Olsworth-Peter, our Music and Worship Pastor, will come and tell us about her life, and her journey from the West End stage, through to her arrival at Busbridge and Hambleton Church – not to be missed! 8pm start, Busbridge Church Centre.

Membership remains at £18 for the year, with a fee of £5.00 per evening for non-members. Cheques made payable to Nexus, please. Thank you. Our charity for 2019 is: Hydon Hill Cheshire Home

**COUNSELLING IN
CONFIDENCE**

A PROBLEM SHARED IS A PROBLEM HALVED

Do you need someone to talk to?

I am a member of the British Association for Counselling and Psychotherapy (BACP) and have graduated in a BACP accredited Advanced Diploma in Relational Integrative Counselling. I have considerable experience in bereavement issues and also work in general practice where I have expertise in:

Relationship problems

Stress, anxiety & phobias

Childhood issues, low self esteem, post traumatic stress, abuse, depression, loneliness

Lack of motivation or direction

Life stage problems: teenage, adult, middle age, old age and after 80

I offer very reasonable rates and can see you short or long term in lovely offices in Guildford or Godalming

No problem is too big or too small. The hardest thing is to make the call.
