Please do come along to this delightful Garden Party, which is once again being hosted for us by the girls and staff of Prior's Field School

This is the fifth time we have collaborated in such a way and the annual Garden Party at Prior's Field has become one of the highlights of the Prime Time year.

As it's been a while since we were last able to hold this event, we've included photos from previous Prior's Field Garden Parties on this invitation as a reminder of the lovely times we have previously enjoyed at the school.

The girls are already busy planning this year's event and calculating how many scones they will need! They will be your hostesses for the afternoon; which similarly to previous events, will also include musical entertainment.

**Prior's Field School

Upon arrival at the school look out for signs saying 'Prime Time' directing you to the Garden Party location
